E-Mail Link for Tulsa County Meth Lab Tips

Sheriff Stanley Glanz has added a link on the Tulsa County Sheriff's Office webpage, www.tcsso.org, which gives Tulsa County residents a new crime fighting tool.

In a continuing effort to keep neighborhoods safe, citizens may now anonymously e-mail the Tulsa Metro Drug Task Force with tips regarding suspected meth labs. Citizens may still call the Tulsa County Meth Hotline at (918) 592-METH (6384).

The website also now contains a list and pictures of items commonly associated with the production of methamphetamine. This may be downloaded, printed out and distributed by businesses to alert them to people buying these items routinely or in large quantities.

To find this information, go to www.tcsso.org and click on the link for "Meth Lab Information," which is on the right-hand side of the webpage.

The Tulsa Metro Drug Task Force has recovered 34 meth labs in Tulsa County for 2009. During this same period in 2008, a total of 17 labs were recovered by task force personnel.
